FRAME-WORK...w ramach... Włodzimierz Cygan

Three years ago the jury of the International Textile Triennial selected my textile artwork "Orbitrek" as the best in show by giving it the Grand Prix. I still have a feeling that for most of the participants of this year's Triennale I am known only because of my award-winning artwork. My new artistic presentation is dedicated to them, as a reminder and in gratitude.

May 10th at 7 p.m.
PATIO CS: New Space Gallery
Łódź, 52 Rewolucji 1905year Street
